

to  Jancyn 

Jancyn is one of the smartest, funniest and most fearless kids we know. She manages a rigorous academic program; maintaining high honors. She is athletic and enjoys participating in many sports. Her passion is volleyball. She has a great scholastic and team attitude coupled with an excellent work ethic. We are often told by teachers and coaches alike what an asset she is and how great her contributions are to both classroom and team efforts. A few more of her special gifts are:

1. She is comfortable being who she is in any situation. She can hold her own in a conversation with adults and is amazingly patient with younger kids as well.
2. She is undaunted in the face of challenges. She is never deterred by the fact that something is difficult. She has the self confidence that she can accomplish anything and she usually exceeds our expectations.
3. She is a great dancer. She only needs to see a move once and she can pull it off as if she had practiced it a dozen times. She is always front and center on any dance floor at any party.

We are honored that she has been recognized and acknowledged by Camp Fire.

With love,

Mom and Dad
